

Dr. Zeinner in Ghana June 2022

Dr. Steve Zeinner traveled to Africa and arrived safely in Accra Ghana June 15, 2022. He was there to teach a conference on Baptist Heritage, a study that naturally led to a discussion on Bible translating. It turned out that there are great opportunities for the country of Ghana and our ministry Bearing Precious Seed Global/Global Bible Translators. New translations are on the horizon. They have asked us to come and help with a translation conference for the pastors to train and teach them the techniques and methodology for Bible translation. There are many tribal languages of Ghana that are in use today. On June 16, there was a dedication of the new beginning of Landmark Baptist College and Dayspring Bible College of Ghana. We have a good relationship with Dayspring Bible College and now Landmark Baptist College/ Dayspring Bible College in Ghana. Pictures are below.
